## WHY WE DO WHAT WE DO

We are trying our best to enhance the life-options and life-opportunities for hundreds of Black male youth in Baltimore where the dropout, incarceration and homicide rates for them are the highest in the country. AGBM, Inc. finds these outcomes unacceptable for our young men. So, we are resolved to do everything within our power to support and assist our young men by providing them with the resources and the information they need to improve both their personal lives and economic outcomes.

Your tax deductible contributions will help support this vital initiative

AGBM, Inc. is a 501 (c) (3) organization

AGBM is dedicated to enhancing the life-options for African-American male youth.

## ABOUT THE CAMP

The purpose of the Legacy of Excellence (LOE) summer enrichment programs offered is to help African American males with developing a clear sense of their attributes, talents, goals, and attitudes to enhance their self-image, self-esteem and build character. A Good Black Man, Inc. (AGBM) hopes that our learning modules will serve as yet another intervention strategy to help young people stay interested and engaged in the learning process.

## THE L.O.E. SUMMER ENRICHMENT CAMP CURRICULUM

We have created two (2) learning modules to achieve our goals. The first, the LOE Life Skills Module, was designed to help the child(ren) develop an individual plan for self-improvement, and obtain skills for job searching, job retention and career management. The second, the LOE Computer Literacy Training Module, makes use of technological tools such as personal computers and our websites ([www.agoodblackman.com](http://www.agoodblackman.com) and [www.agoodblackman.org](http://www.agoodblackman.org)) to help camp participants develop an appreciation for the historical strength of the African-American family as well as reflect the positive contributions of their families, friends and the community in which they live.
